

Marysville Borough Sewer & Sanitation Committee
March 5th, 2009
8:00 AM
MINUTES

1. Rick Castranio Rockville Estates Phase 1 discussion.

Rick Castranio was present and discussed the sewer line location proposed for Phase 1. Rick indicated that they are currently looking at what options are available for replacing the 8" line that runs from Specialty Bakers to South Main Street.
2. Aqua-Aerobics Inc Quote to replace the PLC. Jim Williams will be present to discuss the upgrade.

Jim discussed the PLC upgrade and the issue with Aqua Aerobics. The committee recommended putting the item on the council agenda for discussion and checking with Dan Altland regarding exclusivity rights for repair.
3. Trout Run Update Provide project update.

Committee recommended Brian contact Jeff Black to repair the lateral and work out the billing details later. Brian will contact Roto-Rooter to see if we can get a copy of the lateral televising. Brian informed the committee that DeTraglia will be starting work on Monday, March 9th.
4. Square Update Provide project update.

Brian informed the committee that Ron Brown is preparing the applications to DEP and that the engineering is in the process. Bid specifications are estimated to be completed in May or June.
5. Senior Citizens Center Request to reduce sewer rate from \$198 per quarter to \$150 residential rate.

Committee recommended reducing the rate to residential and putting in on the council agenda.
6. Floodplain Ordinance Revised floodplain ordinance that needs advertised and adopted.

Brian presented the ordinance revised by Dan and will put it on the council agenda to make a motion to advertise.

7. Chapter 94

Brian informed the committee that the 2008 Chapter 94 Report was completed and will be submitted to DEP.

8. Bittings Alley

Brian informed the committee that the stone sewer opened up in the right-of-way on Bittings Alley. Decking and concrete were used to repair the line.

Next Meeting Thursday, April 9th, 2009 @ 8:00 am
