

Marysville Borough Sewer & Sanitation Committee
November 5th, 2009
8:00 AM
MINUTES

- | | |
|---------------------|---|
| 1. DEP | Currently working with DEP regarding the Nine Point Minimum Control Plan and the Long Term Control Plan. |
| 2. Sewer Separation | The committee will discuss the proposal at the council meeting. |
| 3. CSO Flow-meter | Committee recommended Control 21 Systems replace the flow meter for \$4,306.00. |
| 4. Pump Station One | Repair work was required on the two submersible grinder pumps in PS 1. USG was needed to pump the manhole and holding tank out to access the pumps. |

Next Meeting Thursday, December 10, 2009 @ 8:00 am
