Public Comment

Rick Haven of 314 Maple Avenue is happy council decided not to sell the sewer plant; however he is upset about not hiring another police officer. He said the monies have been set aside to hire a third police officer. He said he understands the health insurance was not figured in. He suggested hiring two part time police officers.

John Edkin of 337 Valley Street asked if the land the borough was dedicating to the Veterans Memorial Wall was on the north or south side. He said a previous council when he was on council spent \$46,000.00 for the Downtown Revitalization project. Lance Barthel stated \$250,000.00 was given back for the grant because of the amount of money needed matched for the grant. The borough contacted PPL and it would of cost the borough over a million dollars to have electrical poles moved.

John Edkin said the borough was highly recommended to sell this piece of property; however I am not opposed to the Veterans Memorial Wall.

Aaron Richards said the sheriff's office applied for a grant for the new radio system. Aaron said the grant was not received on the police end. Aaron said we are in need of replacing the police radios. The radios would cost around \$20,000.00. If the radios are not replaced soon, this will affect the borough residents. Aaron asks council to put some pressure on our commissioners.
