1. Street Sweeper and Demo

Bortek Industries brought a sweeper/vacuum for the committee look at. Many questions were asked by all. Scott was asked to keep this as a line item for the future.

2. Gilmore Construction (Antler Dr. curb and storm inlet repair)

After much discussion on when this section of the road and development was turned over to the borough. The committee asked Scott to contact the home owner to find out when the problem started, what engineering firm did the inspection and the person who did the inspection. Scott will report at the council meeting if the information is available.

3. Ridgeview Drive and Park Drive Project

The committee approved to put the bond monies into a CD at Marysville Bank at a 1.1% rate. The committee started a discussion about having a third party inspector for the upcoming projects. Scott will have this on the agenda.

4. Maple Avenue Last Block Needs Paved

After some discussion, the committee approved to place this street on the paving bid as an option.

5. **Mill Avenue Parking Area**

After some discussion, the committee approved to place this street on the paving bid as an option.

6. **Curbing**

The committee discussed about the curbing for the sewer separation project and to put curbing on the council agenda for further discussion.

7. **Ridgeview Drive**

One gentleman from Ridgeview Drive came to let the committee know that he is still not happy with the parking issue and would like to see the decision reversed. He was asking to possibly revisit this after the streets project is complete. He also asked if there are any signs we can put up to slow the traffic. The committee asked Scott to see if we have any Children at Play signs and if so get those installed. Scott stated that he will be getting the speed devise from Penn Township in the near future to place on Ridgeview Drive.
