

**Marysville Borough Streets Committee**  
**September 5, 2017**  
**5:00PM**  
**Minutes**

**Chair: Lance Barthel Members: Dave Magee, Allen Metzger**

**Maintenance Men: Robert Laman, Ken Miller**

Dave Magee stated that he has a concern with the traffic from Kings Highway/New Valley Road during the streets project on Park Drive. After much discussion the committee agreed to have Scott contact Rye Township to get there approval to place a road closed ahead, local traffic only sign at New Valley and Heisley Road.

Dave Magee's second concern was to meet with the Lions Club soon and discuss with them about the road project (curbing) and the MS4 project that we would need a portion of their property for this project. The committee talked about a possible long term lease with an automatic renewal. Scott will get a design of the property needed, talk to Dan Altland and come up with a plan to meet with the Lions Club's building and grounds people on Thursday the 7<sup>th</sup> at 7:00 PM. Then a possible meeting with the board of director's Thursday the 14<sup>th</sup> at 7:00 PM, all in September.

### **4. Purchases of Truck, Sweeper, Skid Loader**

Dave started the discussion with a form that was given to committee members on how the financing would take place. The committee agreed that we need the equipment to continue operating the borough and to follow the long term planning. Lance was questioning Dave on the figures and why he didn't run all of the financing passed the finance committee first. Dave's answer was that the finance committee meeting is the day after the streets committee. Dave explained he spent many hours working on the plan and where all the monies were coming from and that we would be financing for 5 years at 1% interest for about \$100,000 dollars give or take some. Lance questioned why we need to spend all of this in one year and that we have not talked about this prior to this meeting. Dave and Scott both stated that it has been talked about and that it's been on the agenda as long term planning and agreed to months prior that if we could find the financing for these line items we would move forward with the purchase prior to the major projects. Much discussion on that subject to the end of the meeting.

Meeting ended at 6:00 PM
