

Marysville Borough Sewer & Sanitation Committee
November 5, 2018
2:15 PM
MINUTES

Chair: Steve Copp Members: Larry Little, Lance Barthel

Operators: Lonnie Sarver, Peter Boele

Opening of Sludge Bids:

The committee only received one bid and it was from Advanced Disposal at a rate of \$145.91 per ton for a three year or a five year contract.

Long Term Planning:

Cleaning out the SBR's after Sewer Separation Project
Replace Mixer's
Replace Decanter's

- 1. Sewer Separation Project (Certificate of Payment #5)**
Scott reported that the project is winding down, Greg, Alex, Bill and Scott are going to do a walk through to come up with a punch list for the project.
- 2. Estimate for Round House Drive Update (\$49,033.61)**
The committee did receive a second estimate Envirep TLC in the amount of \$72,464.00 but this did not cover labor. The committee member discussed with Lonnie to figure what direction would be best for the borough. Lonnie stated that he believes the quote from Control 21 Systems would take care of everything we need to upgrade the system. Dave Magee said that he would look at the budget to see if the proper amount is budgeted.
- 3. Sampler (\$2,607.00 each)**
Lonnie reported that we have received two of the samplers and that one was installed.
- 4. Sludge Bid**
The committee discussed what direction to go with the bid since it was so high. Scott will contact Dan Altland tomorrow for direction. The committee discussed hauling the sludge ourselves but we would have to purchase a new truck to do so. We will check all options before we except the contract from Advanced Disposal.

5. **Sewer Main along River (river too high to do anything)**
No work on this due to the river being too high and ground water table high as well.

Next Meeting Monday, December 3, 2018
