

Marysville Borough Sewer & Sanitation Committee
June 4, 2018
2:15 PM
Minutes

Chair: Steve Copp Members: Larry Little, Lance Barthel

Operators: Lonnie, Peter

Long Term Planning:

Cleaning out the SBR's after Sewer Separation Project

Replace Mixer's

Replace Decanter's

Under Ground Fuel Tank

Lonnie is going to contact Keystone Petroleum to have them test the tank to see if the outer shell may be leaking. There is no leak of the diesel fuel so it's not a big issue but we want to take care of this issue as soon as possible. Dave said about looking at the council minutes when the sewer plant was rebuilt to find the contractor.

1. Sewer Separation Project, Anticipated Construction Schedule

Scott has sent out updates on a weekly base and right now everything is running along without much issue. Greg Rogalski gave an update on the project as well. Some questions from the committee were answered.

2. Refuse Contract

Scott reported that the bids will be open at the work shop of the council meeting at 6:30 PM.

3. E-one Pump and Adapter (\$2,325) Promised Spare

Scott stated that we need to have a spare pump ready for the public in case there is a pump failure they can borrow our while theirs is getting repaired. Already ordered to save on shipping.

4. Polymer Pump (\$1,783) Emergency

Scott reported this was ordered due to we cannot run the plant without it.

Next Meeting Monday, July 2, 2018
