

**Marysville Borough Sewer & Sanitation Committee
February 1, 2016
5:45 PM
Minutes**

Chair: Steve Copp Members: Allen Metzger, Larry Little

Operators: Lonnie Sarver, Dennis Wilson

1. Sewer Separation Project

The committee discussed how to finance the project and when to start the engineering of the project. The agreement was to move forward with the aerial survey and add to the survey from the borough line with Rye Twp. to the South Main Street that was already quoted. This line item will be placed on the council agenda. The committee agreed that they need to know the cost of the project before we can go for financing. Or at least a better total cost to work with for the financing.

2. Refuse Billing for Vacancy

Scott reported that he would like to talk to Advance Disposal our refuse hauler for the borough about reducing the business and residential by 10% or what numbers our vacancy reports tell us. We are being billed for every business and residential structure and at least 10% of those do not have refuse to pick up. The committee approved for Scott to investigate the issue.
