

Marysville Borough
Sewer & Sanitation Meeting Minutes
December 7, 2020
2:15 PM

The Sewer & Sanitation Committee Meeting was called to order at 2:30 pm on Monday, December 7, 2020 at the Marysville Borough Office. Present were council members Dave Magee and Lance Barthel. Also present were, Borough Manager Zachary Border, Borough Engineer Greg Rogalski, and Operator, Lonnie Sarver and Pete Boele

Long Term Planning:

No New discussion both items are part of the 2022 budge.

New Business

1. Sludge Pump

The wire on the sludge pump was not working correctly Lonnie called the company that manufactured the part and they walked him through some trouble shooting, Lonnie thought they may have fixed the sludge pump but was not sure how long it would last. They did have a spare and were going to try that before ordering a new part.

2. Belt Filter Press

There was a noise the press was making when it was run. Pete and Lonnie could not figure out what it was. They were going to contact the company to see if they could come to find out what the issue was. Lance had brought up the idea of possibly have a service contact to service the press. Pete and Lonnie are going to look into this option more.

Old Business

1. Flow from the trailer park

This will be looked at again in the spring to see if the water consumption has dropped.

2. MS4

Pennoni and HRG presented proposals to assist the borough in setting a stormwater fee for the boroughs MS4 projects. The proposals will both be discussed at the finance committee meeting.

Other Business
