

Marysville Borough
Sewer & Sanitation Meeting Minutes
March 2, 2020
2:15 PM

The Sewer & Sanitation Committee Meeting was called to order at 2:15 pm on Monday March 2, 2020 at the Marysville Borough Office. Present were council members Steve Copp and Dave Magee and Lance Barthel Also present were, Borough Manager Zachary Border, Borough Engineer Greg Rogalski and Operators Lonnie Sarver and Peter Boele

Long Term Planning:

Cleaning out the SBR's after Sewer Separation Project
Replace Mixer's
Replace Decanter's

New Business

1. Grinder Pump

Discussion about the borough continuing to loan out it's spare grinder pump to residents who are in need if their pump breaks. The decision was to continue to loan out the pump until the pump is no longer operable.

2. Perry County Grant Program

Mr. Magee gave an update about a new grant writer that was hired by Perry County to help find and write grants for organizations in the county.

3. Inventory

Manger Border updated the committee on how each department was tasked with creating an inventory system to better keep track of supplies.

4. Safety Manual

The workers compensation company that the borough uses is requiring a new safety manual. A draft was presented to the committee to discuss. This will be placed back on the committee agenda for April's meeting.

Old Business

1. Sewer Main along River

No Discussion

2. Free Flow USA Sewer Line Instillation 320 S State Road

This item was removed from the agenda.

3. Sewer Rate Discussion

No Discussion

4. Alarm System Instillation Update

Mr. Boele gave update on the instillation and reported that everything is working correctly.

Other Business

John Zervanos from Yingst Homes came to let the committee know that they were getting ready to start Phase 3 of the Rockville Estes Project. It was agreed that Mr. Zervanos would work with the borough throughout the process.

Public Comment

John Fasnacht 21 North Main Street had a question about the Sewer Main behind his house. There have been issues with leaks. Pete and Lonnie informed Mr. Fasnacht that they were waiting for the water to be high enough so they could televise the line and see where it was leaking. After it was determined how bad the leak was a decision will need to be made whether to line the main or dig it up and replace it.

- The Meeting was adjourned at 3:10 PM.
