

**Marysville Borough
Sewer & Sanitation Meeting Minutes
November 2, 2020
2:15 PM**

The Sewer & Sanitation Committee Meeting was called to order at 2:30 pm on Monday, November 2, 2020 at the Marysville Borough Office. Present were council members Dave Magee and Steve Copp. Also present were, Borough Manager Zachary Border, Borough Engineer Greg Rogalski, and Operator, Lonnie Sarver

New Business

1. MS4

Greg had updated the committee on the work that needed to be done for MS4 would need to be complete by June 2023. Greg had discussed a few of the projects that were easier to complete and not very expensive. He did say that the majority of the work would be on the pond at the lion's club. The discussion of a fee was discussed and Zach was directed to do some more research on how to get funding.

2. Nutrient Credit Report

The Credit report was submitted to DEP the credits were verified and now available for purchase on the DEP website.

3. Rockville Phase 3 sewage module

Justin from IDP was at the meeting to discuss that due to the pump station permitting, now needs to submit a sewage module instead of a mailer for the planning component of the permit. Justin said council would need to vote on a resolution to move forward with the permit the committee agreed and moved to put it on the council agenda.

Old Business

1. Flow from the trailer park

The trailer park did have someone in to fix a leak, but the water consumption was still really high the next step would be to try to install a flow meter again to see if there was any change.
