

Marysville Borough
Sewer & Sanitation Meeting Minutes
July 1, 2019
2:15 PM

Chair: Steve Copp Members: Larry Little, Lance Barthel Operators: Lonnie & Peter

In attendance: Pete Boele, Kim Charles, Steve Copp, Larry Little, Dave Magee and Lonnie Sarver

Long Term Planning:

Cleaning out the SBR's after Sewer Separation Project

Replace Mixer's

Replace Decanter's

Round House Drive Update – completed

Lonnie reported to the committee the round house driver is completed.

Sludge Analysis - \$1,080.00

Pete and Lonnie said this needed to be done. The committee agreed to put this on the council agenda.

Upgrades at Pump Station #2

Lonnie said he received one quote for a generator. Lonnie asked Bill Rudy with Pennoni if he could come up with specifications for a generator for the pump station so everyone would have the same information when giving the borough a quote. The committee agreed to have Bill proceed with the specifications.

Sewer Main along River (river too high to do anything)

Lonnie reported the river is still too high, it needs to be around four feet.

Lower Hydraulic Loading (engineer study)

Bill said he gave the engineer study to Lonnie for his reviews and comments. He will have a report next month with additional information.

DEP

Kim reported to the committee that DEP stopped in the borough office and said we will most likely be getting a letter of violation for not reporting the sewer issues at the Dollar General.

Advanced GeoServices

Robert May of Advanced GeoServices spoke to the committee regarding the underground storage tanks. He said testing will need to be done on the underground storage tank (please see file for compliance information). The spill tank will need to be tested by December 2019. The committee agreed to look into this further to see what action needs to be taken.
