

Marysville Borough Sewer & Sanitation Meeting Minutes September 3, 2019

Chair: Steve Copp

Members: Larry Little, Lance Barthel

Operators: Lonnie & Peter

In attendance: Lance Barthel, Pete Boele, Kim Charles, Steve Copp, Dave Magee, Bill Rudy and Lonnie Sarver

Long Term Planning:

Cleaning out the SBR's after Sewer Separation Project

Replace Mixer's

Replace Decanter's

Old Business

Upgrades at Pump Station #2

The committee reviewed the quote in the amount of \$25,460.00. Kim mentioned since its over \$20,500.00 it will need to go out for bid. Pete said he thinks it's with Costars, but he will double check to make sure. Bill will look at the quote and will put together a detail drawing/report for what is needed for a new generator.

Sewer Main along River

The committee reviewed the preliminary cost. Lonnie said there is tree roots in the first and second sections. They tried to get them out with the jeter and the roots could not be removed. Bill said they will camera again this fall when the river is higher to see what it looks like. Lonnie said we could possible do a slip line to repair for a lesser cost. The committee agreed to wait until they camera the line to make a decision.

Lower Hydraulic Loading (engineer study)

Bill said the study was sent to DEP and is waiting to hear back from them.

Advanced GeoServices

Lonnie called and said the cost will be around \$700.00. Lonnie said they performed a test and fix the tank by re-sealing it and see if that fixes the problem.

New Business

Refuse Collection Ordinance – Needs to be reviewed

The committee agreed the ordinance was OK.
