

**Marysville Borough  
Streets Committee Minutes  
September 8, 2020  
1:30PM**

The Streets Committee Meeting was called to order at 1:30 pm on Monday September 9, 2020 at the Marysville Borough Office. Present were Council members Brian Webster, Lance Barthel, Dave Magee and Steve Copp also present were, Borough Manager Zachary Border, and Borough Engineer Greg Rogalski and maintenance workers Ken Miller and Rob Laman.

**Long Term Planning:**

No Discussion

**Trucks/Equipment:**

The maintenance department asked if the Skid Loader's and Dump Rechassic Replacement's budget years could be switched the committee was okay with that suggestion.

Plow Truck configuration 2021.

This was brought back to the table as we move closer to the winter months. The committee decided to send to the finance committee to see if the money was available. It was also suggested that committee member go to the maintenance garage to see what the issue was really about.

**New Business**

1. Blade replacement/sharpening

Mr. Magee wanted to know if there was a way to speed up the process of sharpening blades but the maintenance department said they have a new sharpening stone that makes the process really quick.

2. Storm Drain on Kings Highway

There is storm draining on King's Highway that needs to be raised, the maintenance department will take a look and make suggestions.

## **Old Business**

### 1. Road Project – Jay Fulkroad and Sons

Fulkroad was on site at the time of the meeting and Greg updated the committee about how they were going to proceed. They were going to mill the road to help eliminate the bump and repave the road.

### 2. Bridge Inspection South Main over Fishing Creek/Grant Application

The announcement for the reward of the grant will be announced at the next HATS meeting on September 25.

### 3. Sink Hole Kings Highway

Rogele was in on Thursday August 28 and Friday August 29 to repair the sinkhole that had formed on Kings Highway.

### 4. Underground Storage Tank

S and W Petroleum was in to remove and dispose of the underground storage tank. It was also determined by S and W the soil was not contaminated. S and W will report back to DEP to let them know that the soil was clean and should close the file from DEP.
