

**Streets, Sewer, and Sanitation Meeting Minutes  
November 7, 2022  
2:15 PM**

**The Streets, Sewer and Sanitation Committee meeting was called to order at 2:15 PM on Monday, November 7, 2022, at the Marysville Borough Office. Present were Committee Members Lance Barthel, John Edkin and Jackie Zulli, Committee Chair. Also present were Sewer Operators Lonnie Sarver and Pete Boele; Maintenance worker Ken Miller Borough Engineer, Greg Rogalski and Borough Manager, Zachary Border.**

**New Business**

**1. Review of the October Minutes**

The minutes were reviewed by the committee and no changes were made.

**2. Rockville Pump Station**

There were 5 homes that closed in Phase 3, but the pump station was not delivered so the developer came up with the idea to have the wet well pumped every other day and then take the waste and dump into a manhole so that it could run to the plant. An overflow alarm was also required to be put in and a berm was built around in case of an overflow. The committee was okay with the plan, but wanted to have extra pump outs around the holidays and wanted to revisit the progress of the pump station in January and all agreed to those conditions.

**3. Manhole in Fishing Creek**

There was a spill in Fishing Creek of sewage. After the cleanup, Lonnie and Pete noticed a hole in the manhole which allowed the sewerage to come out. They did patch the hole, but it may not be a permanent fix so the engineer was going to take a look and come back with suggestions.

#### **4. Skid Loader**

The Skid loader was taken out of commission due to safety reasons and after a second opinion by Stephenson's Equipment, it was decided that it would cost as much to fix the old machine then to buy a new one. The committee decided to send it to finance to find the money to buy a new machine.

#### **5. Sheriff Sale**

There was some concern about putting properties up for sheriff sale, no one bidding on the property, and then the borough being the owner of the property. Lance was concerned about other liens and the mortgage. Zach was going to check with Dan to make sure the borough would not be responsible for liens.

### **Old Business**

#### **1. Cameras for the Wastewater Treatment Plant**

This was moved back to the full council for discussion.

#### **2. Trash Contract**

Committee members would come up with what they would want in the trash contract for next year.
